

A Day Outside

I'm walking down the river ... singing
in the golden morning sun
The earth has come alive
since the rains have come
I'm walking down the river
having fun

I'm climbing up a tree... to see
whatever I can see from up in a tree
Suddenly my whole world changes
from up here
I'm climbing up a tree
like a bear

I'm swimming in the water... to be
a little more with myself ... free
I feel like I've been embraced by an ... Angel
I'm swimming in the water
like a fish

I'm running with the wind ... gliding
I stretch my wings out wide ... and fly
I wonder what it's like
to be the sky
I'm running with wind
like a bird

I'm walking up the river ... going home
If I could live my life like a ... salmon
Oh the things I'd come ... to know

I'm walking up the river ... going home
The sun is to my back glowing orange ... and pink
I think I'm going to sleep ... well tonight
I'm walking up the river going home
