

## All Things of Wonder

All things of wonder are  
As near as your nose  
And as far as a star  
All things of wonder are  
Everywhere you wonder what you are

All things kind and strong  
Will help you along  
When you sing your own song  
All things strong and kind  
Will keep you brave in heart  
And true in mind

All things simple and true  
Are friends to keep very close to you  
All things simple and true  
Will make your life a wonder unto you
