

All the Lives of Us 3/2010

1. We can learn when we're moving (A)
We can learn on our feet
We can learn from the rhythms
Steady as the heart beat

2. We can learn by emotion (B)
We can learn by the ocean
We can learn by the instinct
We can learn by how to think

3. We can learn by our feeling (B)
Outside in and inside out
We can learn by what we love
By what we trust and what we doubt

(Chorus)

We learn with all the lives of us
'Cause many lives we're made to be
We learn with all the lives of us
Together Human We Are We

4. We can learn on a mountain (A)
We can learn in a tide pool
We can learn in a forest
'Cause all of nature's our school

We can learn by the living
We can learn by the knowing
We can learn by the doing
The giving and the growing

We can learn by the colors (B)
We can learn by the night
We can learn by the sounds
We can learn with rare insight

(Chorus)

We learn with all the lives of us
'Cause many lives we're made to be
We learn with all the lives of us
Together Human We Are We

5. We can learn from reaction (A)
We can learn from attraction
We can learn by the weather
We make when we're together

6. We can learn by our hands (B)
We can learn by our speech
We can learn from a flower
We can learn from a peach

7. We can learn with our eyes and ears (B)
We can learn by our fear
We can learn by our laughter
We can learn by our tears

(Chorus)

We learn with all the lives of us
'Cause many lives we're made to be
We learn with all the lives of us
Together Human We Are We
