

## I Call My Home

My body is the place I call my home  
My body is the place I call my home  
Made with the breath of life, skin & bone  
My body is the place I call my home

My family is the place I call my home  
My family is the place I call my home  
Made of tender moments stone by stone  
My family is the place I call my home

My country is the place I call my home  
My country is the place I call my home  
Made of each our stories yet untold  
My country is the place I call my home

The Earth is the place I call my home  
The Earth is the place I call my home  
Made with songs of angels blue and gold  
Mother Earth's the place I call my home

Creation is the place I call my home  
Creation is the place I call my home  
Made with the dreams of wanderers unknown  
Creation is the place I call my home

My journey is the place I call my home  
My journey is the place I call my home  
Made of verse writ not by me alone  
My journey is the place I call my home
