

Older Better

Some people get bigger
Some people get smaller
Some people stay the same

Some people get wiser
Some people don't
Some people stay the same

Some people get warmer
Some people colder
Some people stay the same

(Chorus)

But we all grow older
and some grow older and older
and we want everyone
to grow older better...

For when their day comes
For the day their day comes

Some people get faster
Some people get slower
Some people stay the same

Some people get harder
Some people softer
Some people stay the same

Some people get farther
Some people closer
Some people stay the same

(Chorus)
