

Thank You

Thank you for my eyes
And for the things I see
Thank you for my ears
And all the sounds I hear
Thank you for my voice
I can talk and I can sing
Thank you for everything

Thank you for my legs
That carry me around
Thank you for my heart
And all the love I've found
Thank you for my hands
All the things that they can do
For everything Thank you

Thank you for my head
And all that I can know
Thank you for the places
Everywhere I go
Thank you for my friends
And the way we grow together
Thank you forever
