

## Together

I am I  
And you are you  
How do ya do ya do ya do  
When we bring our lives together  
There is so much we can do

You are you and I am me  
How do ya be ya be ya be  
When we join our voice together  
There's so much we can sing

Together - we make a brighter light  
Together - we can shine  
Together - we can find our rhythm and rhyme

### *Bridge*

Eyes are brown or blue or green  
or a color in-between  
big bright beautiful yellow sun in the sky  
shines on everything
